PHILADELPHIA SERTOMA CLUB

The Philadelphia Sertoma Club is a civic club dedicated to helping individuals with speech and hearing impediments and helping with many other worthwhile community projects, including: providing clothes and toys for families at Christmas, contributing to local parks, donating equipment to local health facili-

ties, and sponsoring a scholarship fund for patients from Neshoba County at the Meridian Speech and Hearing Center. The Club is involved in a number of fund-raising events during the year, but thanks to our many participants, The Heart O' Dixie Triathlon has set the standard as the Club's main revenue source.
