

The USM Student Sports Medicine Association (USMSSMA)

Proudly presents the 15th Annual
USMSSMA Homecoming 5K Eagle Run

We are full-time students majoring in
athletic training.

Athletic training encompasses the prevention,
diagnosis, and intervention of emergency, acute,
and chronic medical conditions involving
impairment, functional limitations, and
disabilities.

One of the great things about this major is the
amount of time we spend getting to apply what
we learn in the classroom to actual athletic
injury situations.

Upon graduation and passing the Board of
Certification exam we seek employment in
different health care settings, such as high
school, collegiate, and professional athletic
training settings, orthopedic and physical
therapy clinics, and industrial settings. Some of
us enjoy athletic training as a career, and others
have gone on to become physical therapists or
physicians.

For more information regarding the Athletic
Training Major at USM, please visit our web
site at www.usm.edu/athletictraining

For a copy of the Race Route, please visit the
link below.
